Note: As of 3-January, 2018, to comply with MiFID II rules & regulations, The BGC Group of Companies is required to bifurcate tariffs for market data that were formerly included in the overall price of its brokerage execution services. Access Fees will be charged at a flat rate (above) for each unique Client Legal Entity Identifier (LEI) that has user activity in any given month. No client will incur a charge greater than the that equalling to two Client LEIs, irrespective of the number of Client LEIs accessing BGC Group's electronic trading systems.

1. "Trading members" are defined as client entities that generate €5,000, or more, in monthly brokerage execution billings with the BGC Group of Companies. "Non-trading members" are defined as client entities that generate less than €5,000 in monthly brokerage execution billings with the BGC Group of Companies

2. Charges are effective from 1-May 2018
